OSPREY
Catalina 38, 1983
Owners: Nancy and Jonathan Bixby

Catalina's are well known cruising boats that provide a great deal of comfort and convenience for coastal cruising. The 38' version is unique in as much as the hull was designed by Sparkman & Stephens to greatly improve its sailing ability and speed. With the interior designed by the legendary Frank Butler she still retains all the comforts one expects from the Catalina line. This example has been well cared for by a dedicated owner who keeps her in tip-top condition and has added many improvements and upgrades. If you're interested in a comfortable cruising vessel with an excellent turn of speed, Osprey is the boat for you.
